Noell Vaughn is the Managing Partner at AlwaysHere, bringing over 20 years of senior leadership experience in growth strategy, behavioral science, and business development.

With degrees in Psychology and Speech Communication from Miami University and an MBA in Organizational Leadership and Management Consulting from Benedictine University, Noell connects human insight with disciplined business strategy. She has led multimillion dollar revenue portfolios across both large enterprises and entrepreneurial organizations.

In 2019, while caring for an aunt with early dementia, Noell experienced firsthand the emotional, logistical, and financial strain caregivers face. This inspired her focus on AI solutions that integrate into everyday routines, support long-term independence, and deliver lasting impact for families and communities.

Noell is passionate about making AI tools accessible, practical, and deeply human-centered.
