Josh Rosenfeld is the Founder of **AlwaysHere**, an AI voice companion supporting autistic teens and adults while easing caregiver strain.

Josh brings 30 years of experience in software, product, UX, and AI, with more than 20 digital products launched. He is also high functioning and on the autism spectrum, which directly informs how and why he builds.

Alongside his mother **Judith Perlman**, he co-created AlwaysHere and **G A P S**, blending therapeutic expertise, lived experience, and human centered AI. Josh has trained over 1,400 people through AI seminars focused on practical, accessible use.

Josh also volunteers with CCHI, supporting community health and inclusion efforts.
