

Ed Rausch
Production Supervisor
FLEX

Ed Rausch is an accomplished manufacturing professional with nearly 15 years of experience spanning the aerospace, medical device, and automotive industries. Throughout his career, he has developed extensive expertise in production operations, quality systems, process improvement, and team leadership within highly regulated and performance-driven environments. Currently serving in a leadership role within medical device manufacturing, Eduard is responsible for overseeing production teams, ensuring compliance with safety and quality standards, driving operational efficiency, and fostering a culture of accountability and continuous improvement. His diverse industry background provides him with a unique perspective on manufacturing excellence,

allowing him to successfully adapt best practices across different sectors.
